ABOUT US

Oumcon Management Services is a global organization and one of the leading Professional Consulting firm for Quality Certification like ISO, Product & Govt. Registration Certification apart from this we have expertise in Project Finance and Government Subsidies provided by Central & State Government.

Oumcon Management Services was incorporated in 2009 and since then it has established itself as a most promising consultancy organization.

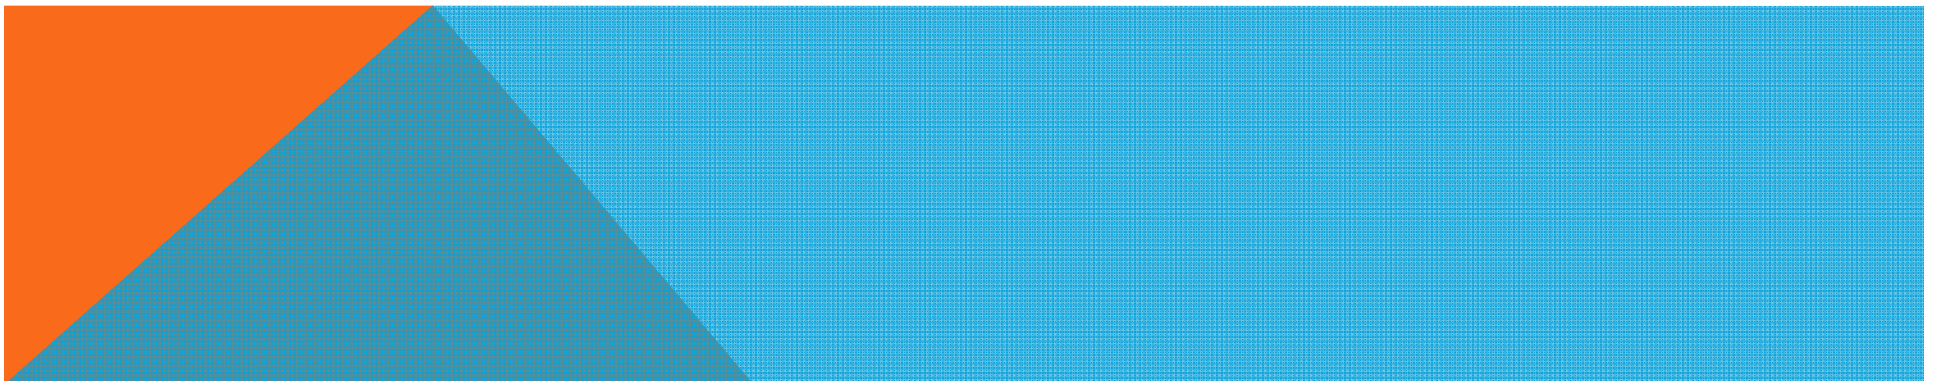

We believe in offering high-quality integrated services to fulfill our client's requirements and expectations. The Services offered by our expert professionals make sure that you just don't get the service but get the true business benefits.

We don't use those heavy and jargon loaded words in our trainings and implementations. Our approach is simple and easy to understand.

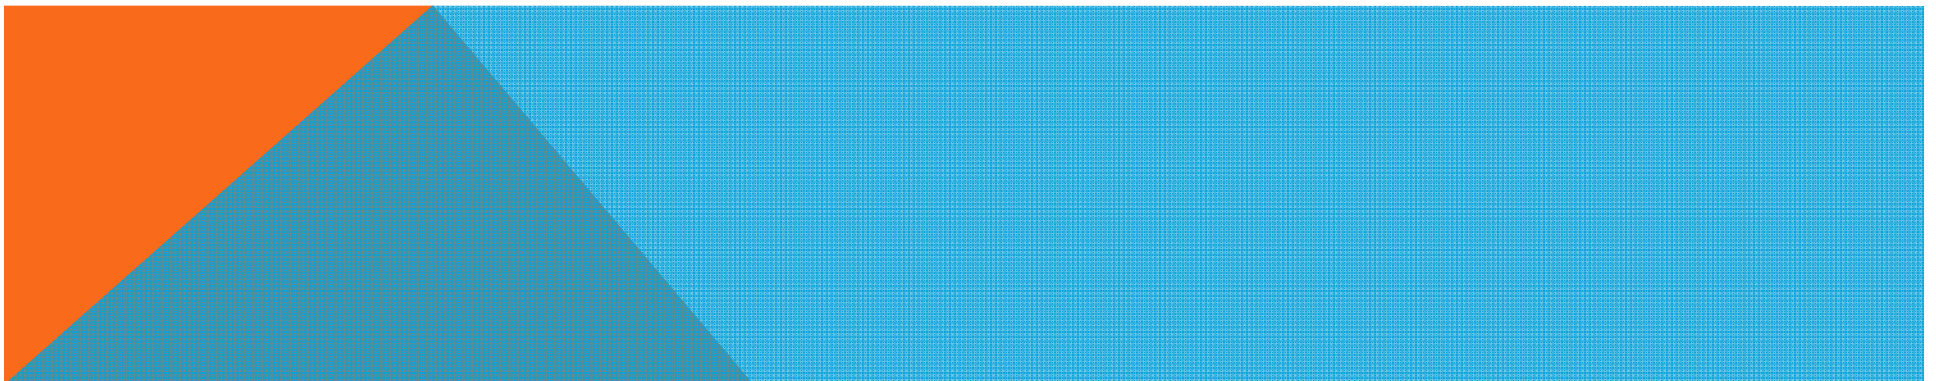

We are one of the handful professional consulting companies with global customer base and service portfolio that covers all the international Quality Certifications including ISO, CE, HACCP, GMP and ISI / BIS.

So if you are thinking of certification for your company, trust our proficiency in this field and let us partner with you to create a winning solution for your business success.

Oumcon Management Services specializes in the entire range of ISO Management System Certification Standards, Product Certification, Trade Marks, NSIC Registration, BIS/ISI, Udyog Aadhar Registration (MSME), Import & Export Code (IEC), Registration of Firm (ROF) and all kind of government subsidy. (Central & State Govt.)

We are providing Project finance services like Term Loan, Cash Credit, Over Draft, Loan Against Property, LC, BG etc and preparation of Project Report and CMA DATA.

WHAT IS ISO 9001 -QUALITY MANAGEMENT SYSTEM (QMS)

ISO 9001 is International standard for Quality Management Systems (QMS). It provides your company with a set of principles that ensure an insight approach to the management of your business activities to consistently achieve customer satisfaction while standardizing your processes and continually improving effectiveness of the business processes.

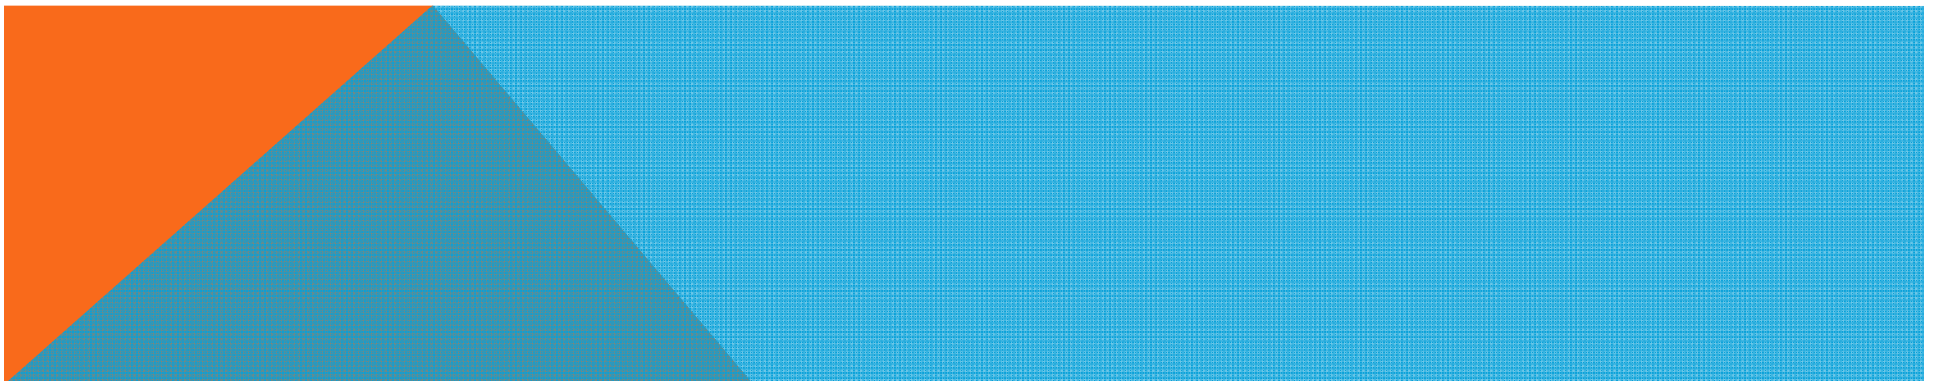

A quality management system can be implemented in any organization, regardless of the company's size of business or ownership.

WHAT IS ISO 14001 – ENVIRONMENT MANAGEMENT SYSTEM (EMS)

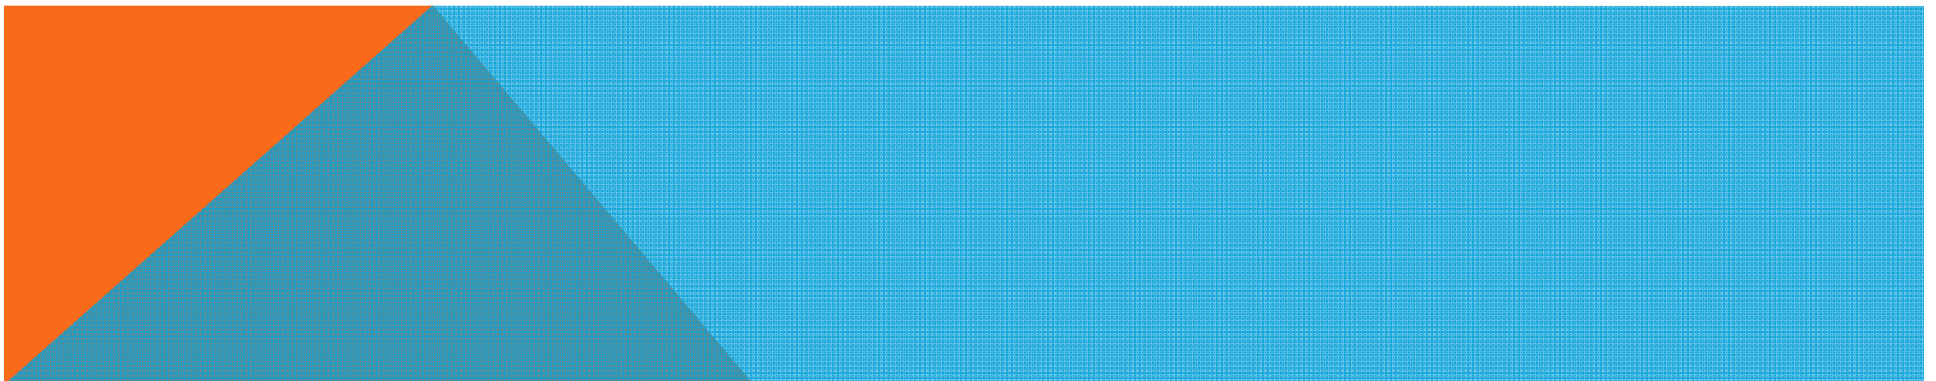

ISO 14001 is internationally recognized standard for environmental management of businesses. It demonstrates control of an organization's environmental management system and promotes corporate environmental responsibility.

These include the use of natural resources, handling and treatment of waste and energy consumption.

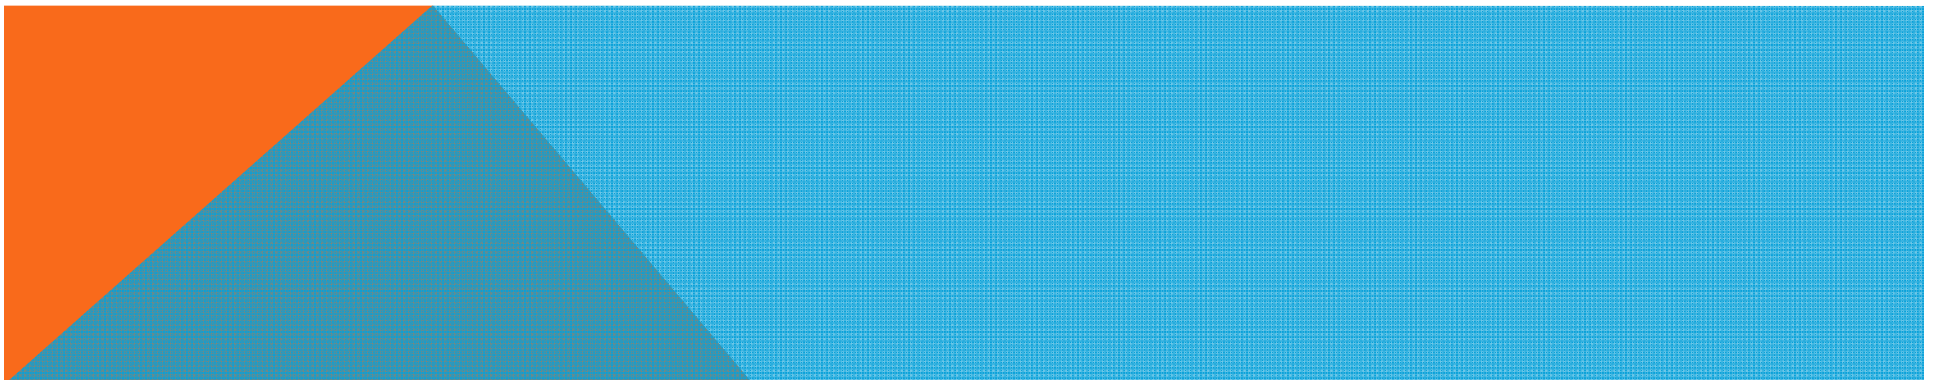

WHAT IS ISO 18001 - OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT SYSTEM (OHSAS)

OHSAS 18001:2007 is International Occupational Health and Safety Management Standard. Our knowledge and experience of the standards is unsurpassed. We understand how to fully exploit the benefits of your quality management system to ensure you unlock the true potential in your organization by improving your health and safety, and preventing accidents and reducing costs associated with injuries.

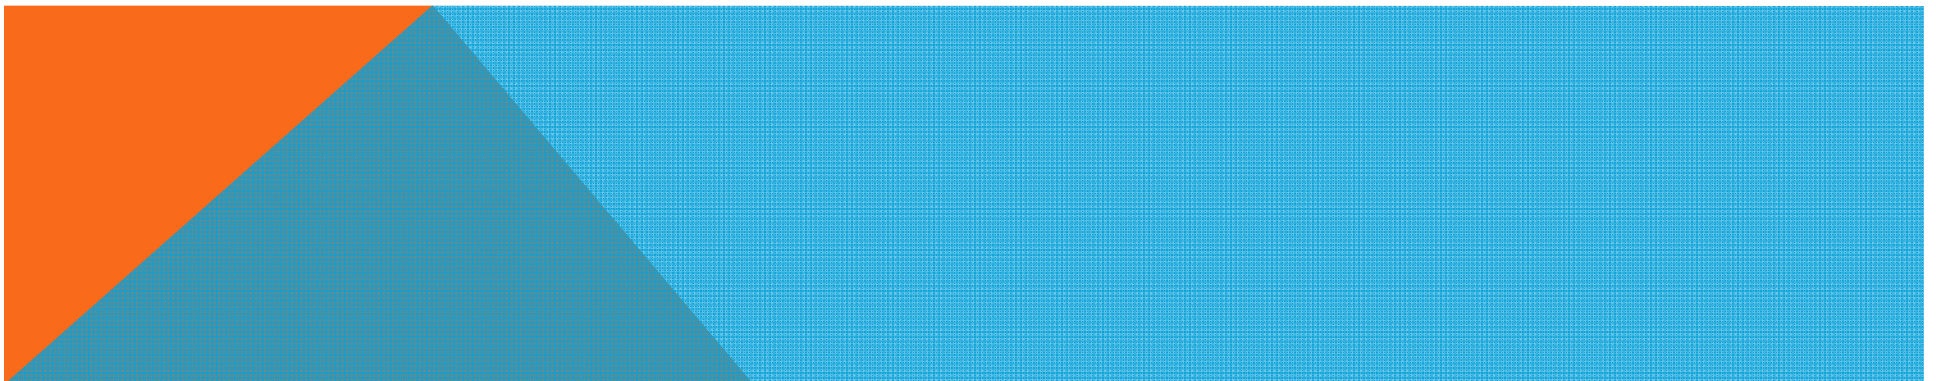

WHAT IS ISO 22000 – FOOD MANAGEMENT SYSTEM (FMS)

ISO 22000 Food Safety Management System is a process control system designed to identify and prevent microbial and other hazards in food production and entire food processing chain. ISO 22000 includes steps designed to prevent problems before they occur and to correct deviations through a systematic way as soon as they are detected. Such preventive control systems with documentation and verification are integrated by the principles of hazard analysis and critical control points (HACCP).

WHAT IS ISO 27001 – INFORMATION SECURITY MANAGEMENT SYSTEM (ISMS)

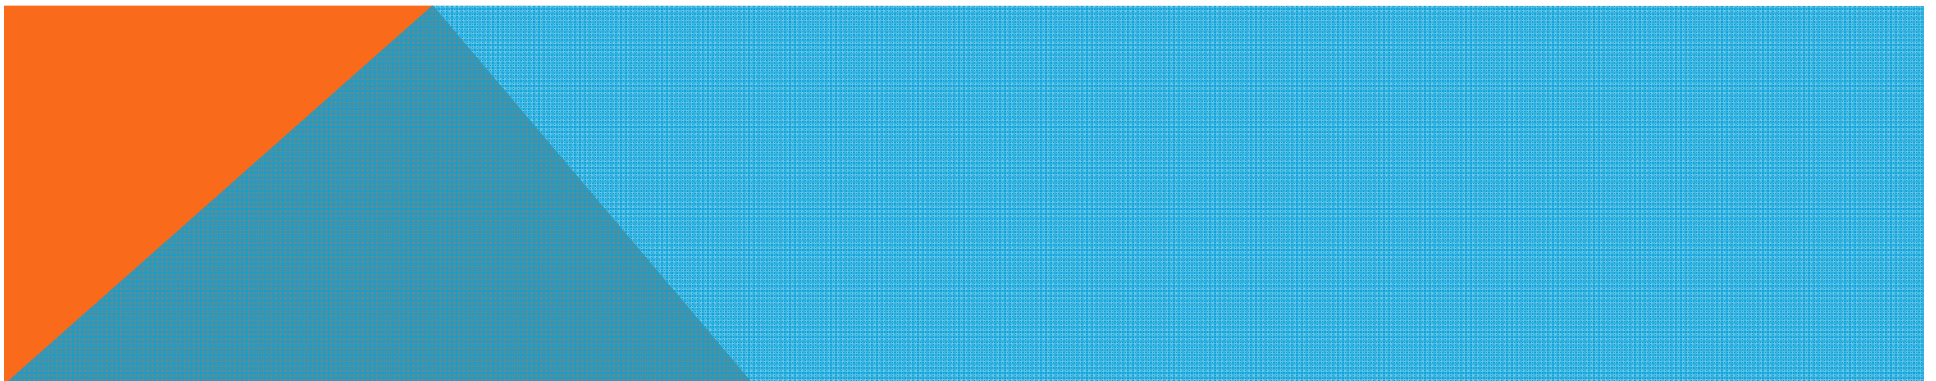

An Information Security Management System (ISMS) is a management system based on a systematic business risk approach, to establish, implement, operate, monitor, review, maintain, and improve information security. It is an organizational approach to information security. ISO/IEC 27001 (BS 7799) is a standard for information security that focuses on an organization- ISMS

PRODUCT CERTIFICATION

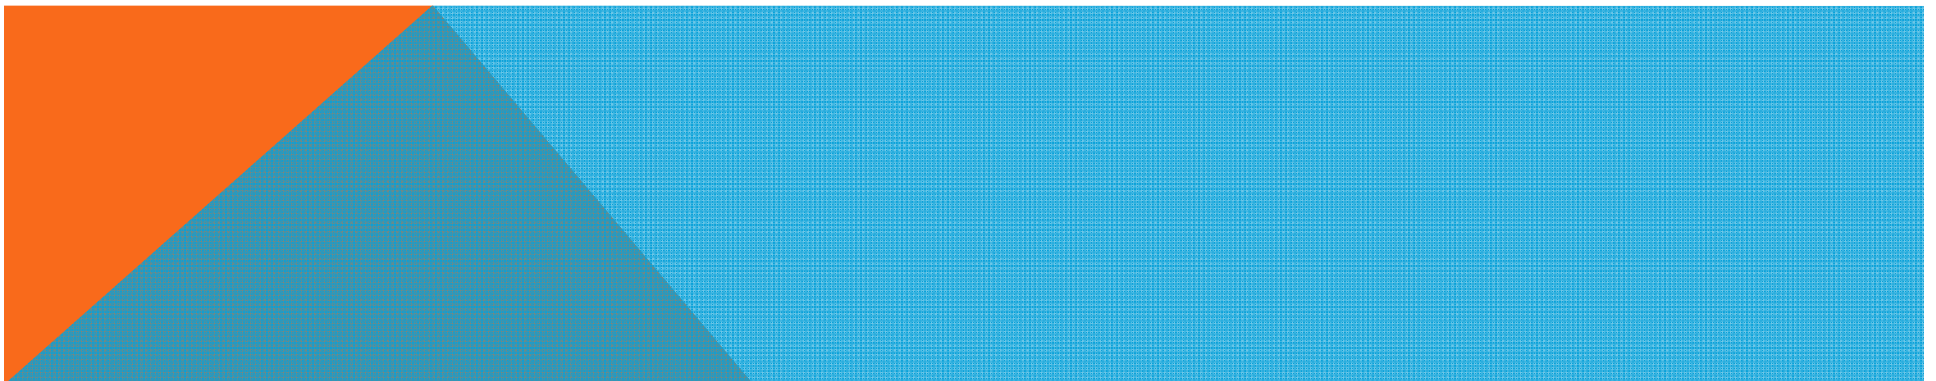

The CE Marking, which is affixed to a product or its packaging, is considered proof that a product has met the requirements of the harmonized European standard. CE marking on a product indicates to all authorities that the product is in compliance with the essential health and safety requirements of all directives that apply to the product.

BIS/ISI, which is affixed to a product or its packaging, is considered proof that a product has met the requirements of the Indian Standards.
